

Topic: searching for applicants to support surrounding behavior course

Dear students,

welcome to the Fu Jen Catholic University. I am Miss Chih-Wen Lan, professor of landscape architecture department and teaching a course: introduction of surrounding behavior. (every Wednesday from 15:30 to 17:30) This is a course for 1st year students. The goal of the course is to train my students to explore our campus with different visions.

Therefore I would like to ask you, if you would like to share your Fu Jen campus using experience for us from your point of view.

My students will play a role as interviewer. The course has 80 students. I would like to divide different groups, depending on how many applicants would like to be interviewed.

If you have time, interested to support the course and would like to know the landscape architecture students, do not hesitate to join us.

The interview date will be at 29th May (Wednesday, 16:40-17:30).

If you have interested, please write to me
